TRACK AND TRACE WITH **GFS SEEKER**

Multi-carrier tracking portal GFS Seeker gives you an over-arching view of every shipment you send, across all carriers, UK and international - all in one place

What GFS seeker offers:

- View entire tracking history from despatch to delivery

- Filter to view specific shipments by date, carrier, customer name or postcode
- Book collections and print carrier manifests

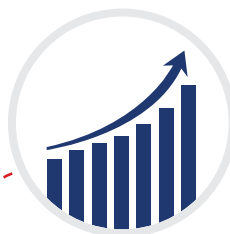

- Actions Manager puts you in control, alerting you to provide instructions to our parcel trackers and resolve parcel queries fast

- Minimise the impact of parcel problems on your customers

- Schedule advanced reports to land in your inbox – so you and your team can see parcels in transit, delivery attempts and outstanding parcel queries as often as you need

- Raise claims for lost or damaged parcels and track their progress
