

WE HELP YOU GROW - WITH CONFIDENCE

Since 2001, GFS has been behind the success of some of the fastest growing brands, providing unique and affordable shipping solutions that optimise delivery from checkout to doorstep - anywhere in the world.

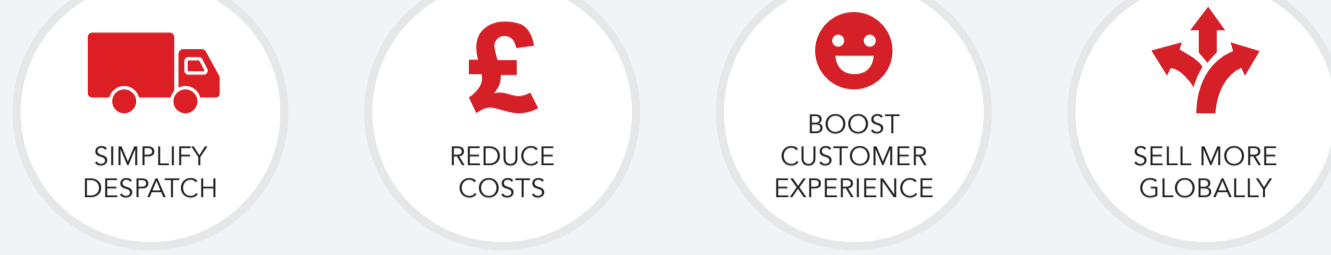

Simply put – we take care of everything, from labels to carriers and customer care – all your delivery, technology & logistical needs – so you can boost sales and customer experience from checkout to doorstep.

Our customers trust us to take the complexity, cost and risk out of global eCommerce logistics so they can focus on selling more. That's why you'll find GFS behind some of the fastest growing brands.

As one of the largest buyers of carriage we can give you single access to the widest range of global services, choice and price. But we're more than just carriage – it's the commitment of our people across Customer Care, IT Support and Account Management to your success that makes us unique.

You can count on us at every step of the journey as your business grows - sharing our delivery expertise and group-wide capabilities to solve problems, find opportunities and help you become a successful independent brand.

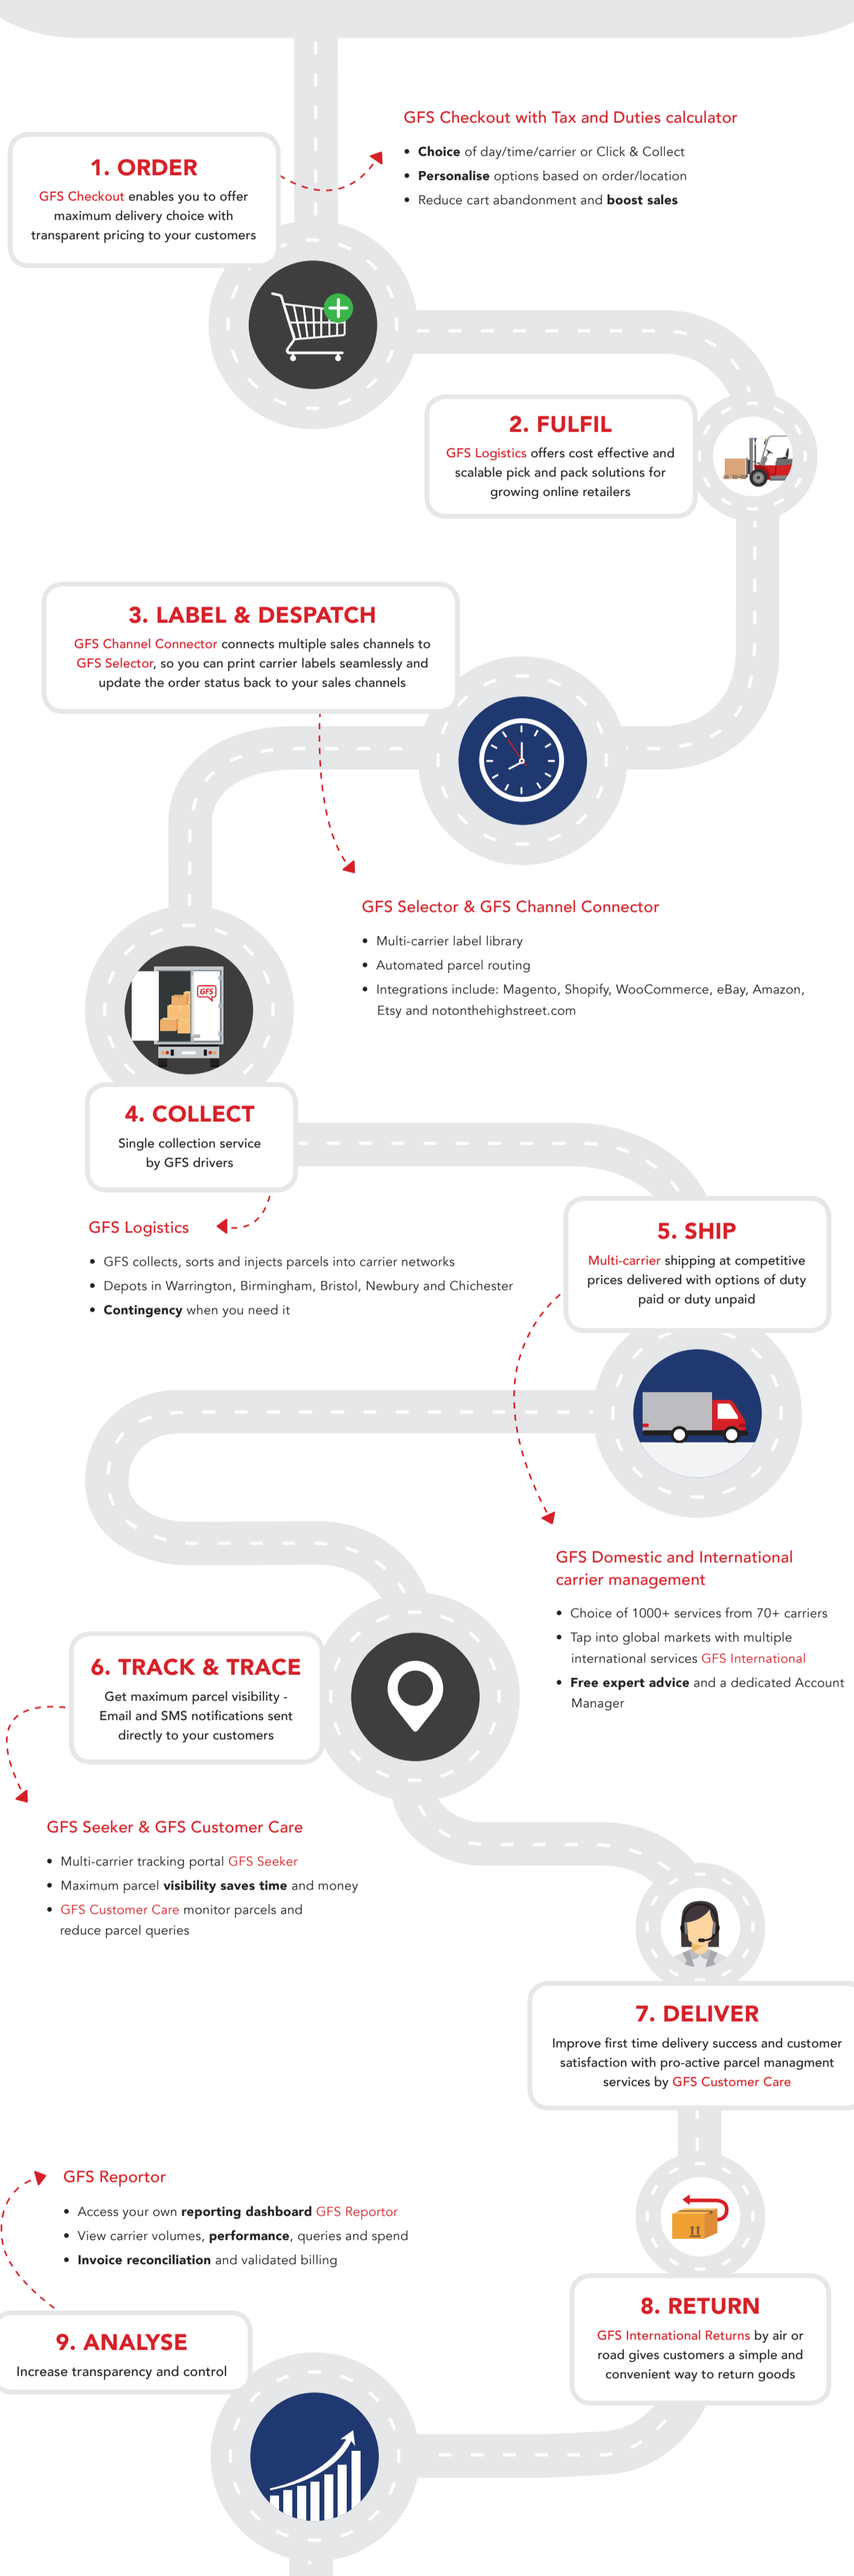

We help you:

So you can grow your business.
