See delivery differently with GFS

Multi-carrier delivery made simple.

GFS is the UK's largest provider of multi-carrier delivery solutions, offering access to 1000+ carrier services with integrated multi-carrier technology and pro-active parcel management – **all in one place.**

GFS' pioneering Enterprise Carrier Management technology optimise every stage of the delivery journey, from delivery options at the checkout, to labelling, tracking and reporting – across all carriers, countries and sales channels – with a single integration.

Managing more than 50 million parcels each year, GFS is one of the biggest buyers of carriage in the UK and this gives retailers access to a wide network of specialist logistics solutions that provide flexibility and contingency when it's needed most.

We are the pioneers of Enterprise Carrier Management

Enterprise Carrier Management is our very own SaaS multi-carrier platform that automates every step of the logistics process for outbound and inbound, with integrations available for all major carriers, eCommerce platforms and marketplaces.

GFS is the **trusted delivery partner** of hundreds of retailers and brands

"GFS has helped us achieve our goal to deliver a relevant and consistent delivery experience to every customer, every time. From checkout, to doorstep – and everything in between."

Increase in customer satisfaction

"We've seen an improvement in customer satisfaction and we've achieved cost savings right the way through our despatch function... but most of all there's been a reduction in stress and pressure."

Year-on-year growth

"With GFS the sky's the limit! We know we can keep shipping as many orders as possible, and GFS is only one call away to make sure we fulfil the customer promise every time."

More daily order volumes

Since 2001 we've been helping retailers to:

Deliver an exceptional customer experience

Optimise carrier spend and performance

Reduce cart abandonment

Open up international markets

Automate shipping and despatch

Scale & future-proof delivery in line with business growth

Protect peak

And we can help you do the same!
